Besides this list of hardy field grown perennials we grow a large assortment in 5½ inch perennial pots for easy handling in Garden Centers and stands where a minimum of sales help and space is available. Most of our perennials are available in this manner and are sold at \$50.00 per hundred.

You will also find at our nursery an assortment of shrubs and evergreens.

Dear Customer:

At this time of year when all of our plants are in the field and our nursery is reasonably free from weeds we always get enthused and want to share the fruit of our labor with you. We wish you would visit us, especially now, when our place looks neat and the plants are in bloom.

We got our plants out early this year and the weather has been very favorable to us but more than anything else we have, without a doubt, the finest and most complete collection of perennials and rockplants, in quantity, in New England. We are proud of our plants and especially so when other growers are leaving the herbaceous field for more prosperous lines.

We are offering you lower prices on many items and, surely, it will benefit you to look our list over carefully. In addition to these already low prices, we are offering an added incentive of a 10% discount if your order reaches us before November 1st, and is accompanied by cash.

TERMS AND CONDITION OF SALE

All orders are accepted upon condition that they shall be void should plants be winter killed or damaged by other causes over which we have no control.

Our plants are guaranteed to be true to name and we will cheerfully replace them if proven otherwise.

Please state how you want us to ship your order. If there are no shipping instructions we will ship as we think best.

The prices in this catalog are based on the 10 and 100 rate. 25 plants supplied at the 100 rate and no less than 5 plants of a variety at the 10 rate.

All bills are due net, 30 days from date of shipment.
